NUMBER 4

UK Establishes Frankfort Center

Extension To Instruct State Clerical Workers

A new extension center designed to answer the needs of the state's clerical and administrative workers has been established at Frankfort by the University.

The venture, called the Frankfort Inservice Training Program, is the result of a survey conducted by Dr. Gladys M. Kammerer, professor of political science, in June, 1948, after the adjournment of the General Assembly.

Miss Kammerer acted as the University's official representative on a committee of the Southern Regional Training Program in Public Administration. The basis of her survey started the present program. The SRTPT is making an effort to stimulate more inservice training for the improvement of public administration in the South.

Program Under UK Control

The program is under the general supervision and control of Maurice F. Seay, Dean of the university, and Louis A. Clifton, Director of the department of extension. Miss Kammerer has been named co-ordinator of the center and spends half of her time at Frankfort in immediate direction of the project.

Two types of courses are offered by the program. They are (1) courses geared around particular job requirements and taken on the job at departmental expense by the state employees, and (2) courses given after hours at the employee's expense.

Work Started In Summer

The first type of work which was begun this summer featured two courses in accounting for the stepping up of enforcements of state income collection. Twenty-five selected employees spent three weeks on concentrated courses on the campus.

These courses were followed by a secretarial course being conducted at the present time for Department of Revenue employees in order to develop them into first class secretaries.

Subjects in supervisory training will be given later this year to select groups of employees in other departments which wish to cooperate.

Departments must be willing to forfeit departmental time for the training and must pay for the instruction out of departmental funds.

Night Courses Offered

Night courses offered are accounting, shorthand, typing, freshman English, and public administration. Additional classes will expand the curriculum during the second semester to meet both vocational and cultural demands of the state employees.

The courses may be taken on credit or non-credit basis. Those employees who do not desire credit are ineligible to receive credit and will be awarded a certificate at the end of their work showing satisfactory completion of their courses.

Donovan To Speak At Education Convo

President H. L. Donovan will address the College of Education convocation in the University High auditorium at 10 a.m. Tuesday.

This will be the first of a series in which Dr. Donovan will speak before each college of the University. The plan of separate college meetings was adopted last year in preference to the earlier custom of holding general convocations.

Independents Cabaret To Be November 24

Definite plans are being made by the Independents for a Thanksgiving Candlelight Cabaret to be held in the Student Union Building on Wednesday, November 24th.

Nominations for president, vice-president, secretary, and treasurer will be open until Wednesday. Nominations for president are: George Kirchner, Gloria Bianco, Peggy Compton, and Joe Rankin; for vice-president: Betsy Sutherland, Charles Browning, and Rosemary Haley; for secretary: Mary S. Powell, and Evelyn Caudel; for treasurer: Harold Ziegler and Ann Wismann.

Members of the executive council, composed of representatives of the colleges and the resident dorms, also are to be nominated.

SUB Tourney Set

A ping pong tournament will be given by the tournament committee of the Student Union Board starting Oct. 25, with the deadline for entries Oct. 16.

Proficiency Exams

All students enrolled in the College of Arts and Sciences who wish to take the foreign language proficiency examinations Nov. 3, 4, 5, are to report to Room 128, McVey Hall, immediately, Dean M. M. White announced.

Commuter's Bill Passed By SGA Urges Car Pool

A bill to form a transportation pool for the aid of student commuters was introduced in Student Government Association meeting Monday night.

The bill calls for ride-sharing by students living in neighboring towns or out of walking distance of the campus. The plan is to have each student who has a means of transportation and who can accommodate others, either to or from the campus, to fill out a form giving the necessary information. This form will be grouped with others of the same locale. The form will also be filled out by students wishing a ride. The two forms will be compared and an effort will be made to get the two parties together.

Forms On Page Two

These forms, which are found on page two of this paper, should be turned in at the post office window, not the letter slots, as soon as possible.

This bit of legislation was brought about primarily as a result of the recent fare raise of the transportation companies.

Placards To Be Printed

Another provision of the bill is to have 2000 cards printed to aid in getting a ride to the campus. The eight by ten placard is designed to be affixed to the back of a notebook for easy accessibility. The white sign will read, "Going to UK," in blue.

A committee consisting of Rusty Russell, chairman, Richard Crafton and Harold Holtzclaw has been appointed to arrange and manage the pool.

Group Sponsors Dance Workshop

Miss May Gadd and Miss Elsie Avril, authorities in the field of folk dance and folk song, will be leaders in a workshop sponsored by the Lexington center of the Country Dance Society of America, on Oct. 22-23, the physical education department announced.

All interested persons are asked to be at the Women's Gym at 8 p.m. Friday when the opening session will begin. The registration fee for the workshop will be \$2.00 for the entire course or \$1.00 for single sessions.

Workshop Includes Singing

The workshop is for all recreation leaders, particularly those interested in dancing and group singing. It is a chance for people in Central Kentucky, regardless of experience, to receive practical help in gathering materials and in teaching techniques.

The program material offered will cover a large variety of American and English dances for all age groups.

Instructors Are Qualified

Miss Gadd is the National Director of the Country Dance Society of America. She came to the United States in 1927 after experience in England as a teacher of English folk dance. During the war, she contributed to the USO with work in community recreation. She was in charge of the Berkshire Music Center. As a director of the Country Dance Society, she had nationwide experience in conducting workshops in universities, schools, and communities.

Miss Avril, violinist, experienced in folk music, came to the United States as music director at Pine-woods Camp. As accompanist and lecturer on the staff of the English Folk Dance and Song Society, she made many contributions in the field of folk music.

Committee Charts WSSF Campaign

The All-Campus Committee of the World Student Service Fund, the American branch of World Student Relief, met yesterday to organize for their coming campaign.

WSSF dispenses food, clothing, medical supplies, and money to students all over the world. The fund also supports and operates rest camps in Europe for students who need medical attention.

Last year WSSF sent \$2500 for much needed work among refugee university centers in Delhi, India. The relief organization is sponsored by the United Student Christian Council, the Hill Foundations, the National Federation of Newman Clubs, the Student Volunteer Movement, and the Student Inter-Seminary Movement.

Engineering Seniors Take Inspection Trip

The student branch of the American Society of Mechanical Engineers will sponsor a one-day inspection trip, Oct. 21, to Louisville for senior members of the mechanical engineering department.

The group will visit the Henry Vogt Machine Company, and Reynolds Metals Company. There will be a banquet and joint meeting with the University of Louisville chapter of ASME.

Professor W. M. Carter, faculty adviser, is in charge of arrangements.

Seniors Requested To Sign For Degrees

All seniors who expect to complete their requirements for graduation at the close of the First or Second Semester of the Summer Term, are requested to make application for degrees on Friday or Saturday, Oct. 15 and 16. This applies also to Graduate Students who expect to complete their requirements for graduate degrees. All applications should be filed in Room 16 or the Administration Building.

As the commencement lists are made from these cards it is very important to file an application at this time.

Candidates for the bachelor's degree will be charged a graduation fee of \$9.00. This will cover the rental of cap and gown, diploma fee, The Kentuckian and other necessary expenses. Candidates for advanced degrees will be charged a fee of \$15.00, which will cover the above with the exception of the Kentuckian and in addition the cost of the candidate. Graduation fees are payable not later than the fourth day preceding the commencement.

Chess Club Becomes Function Of SUB

The former University Chess Club has been made a Student Union activity at the request of some of the members. Miss Margaret Bruce, social director, announced.

Among the scheduled activities of the club are: (1) Chess ladder tournament, which has the objective of determining playing positions on the University chess team. (2) Intercollegiate chess matches with other universities. (3) Exhibition matches by professional chess masters, and periodic lectures on various phases of the game.

Free chess lessons will start Tuesday, at 4 p.m. meet in Room 206, Student Union Building at 4 o'clock. Classes will be directed by Charles Wurst, current champion of the Cincinnati Chess Club. Classes will extend over a six week period.

The club players meet every Tuesday night in the social room of the Student Union Building at 7 p.m. All persons interested in the game are asked to attend, Miss Bruce said.

Anyone interested in joining some of the activities may contact Miss Bruce, Room 122, Student Union Building.

Vets Take Action Backing Military Preparations Here

The University of Kentucky Veterans Club went into action Tuesday to aid national military preparedness by taking immediate and positive steps on the home front.

A plan to provide practical assistance to individual reserve and National Guard units through nationwide cooperation of local veterans organizations was proposed by the University of Kentucky veterans.

The principle point of a definite program of action set forth by the student veterans club consisted of the "adoption" of Headquarters and B Battery, 441st Field Artillery Battalion, Kentucky National Guard as the particular unit to which the University veterans would devote their assistance. A program of instructional talks will be given at guard meetings by qualified veterans of the club served as a major part in the plan of assistance.

Pep Rally Tonight In Alumni Gym

"On, on, U of K," led by the Best Band in Dixie and Kentucky's twelve cheerleaders, will be the signal for the beginning of SuKy's pep rally tonight at 7 o'clock.

Organizing at Alumni Gym, students will follow SuKy members around the University drive to the B.S. building, where the group will be formally introduced to the team's mascot.

The student body will then snake dance down Graham and Rose to Euclid and the intramural field where Vanderbilt will be burned in effigy on a giant bonfire. The pep rally will be dismissed at 7:30 for the Lances Carnival.

Education Group Plans Campus Convocation

The Kentucky Association of Colleges and Secondary Schools will hold a two-day meeting on the campus beginning Oct. 29, according to Dr. L. E. Meece, secretary-treasurer of the organization.

"A New Concept of Human Relations" will be the theme of the discussions, which are expected to be attended by representatives of 25 junior and senior colleges and approximately 450 high schools.

Cats Meet Vanderbilt Tomorrow Afternoon

Both Teams After First SEC Win Promising Rough, Tough Battle

By Kent Hollingsworth

The Kentucky Wildcats, third in the Conference in total offense, third in passing offense, and last in the loop standings, clash with the Vanderbilt Commodores at 2 o'clock tomorrow afternoon on Stoll Field.

In a battle that equals in nation-wide interest a Cincinnati Reds - Chicago Cubs baseball game, the two pre-season dark horses will fight it out to see who will have the honor of sole possession of the SEC cellar.

Kentucky came out of the Georgia Bulldog scrap with a dismal number of backfield injuries and its second straight conference defeat.

Dopey Phelps, who averaged seven yards a try against Wally Butts' boys, was in the infirmary part of this week with a sinus infection and if he does play, will certainly not be in top shape.

Truman Hurt

Fullback Lee Truman tore a ligament in his foot after three minutes of last week's game had elapsed, and it is doubtful whether he will even dress for the game. Truman, who was Kentucky's outstanding player against Ole Miss, watched practice from the side lines this week.

Speedy Halfback Shorty Jamerson picked up a shoulder injury in Athens, but will probably see action against the Commodores.

With these first string injuries, the Wildcats will certainly be the underdogs, in their bid for their first Conference win.

Vandy In Good Shape

Vanderbilt on the other hand, emerged from their 20-7 Ole Miss defeat in as good shape as a Daily Double winner.

Vandy has almost the same line that last year beat Northwestern, Alabama, and Ole Miss. End Jim North is absent from this year's line up but All-America candidate Charley Hoover is back in action to help Captain John Clark back up the line. This is Clark and Hoover's fourth and last year.

In the backfield the Commodores have third-year men Bob Berry, Jamie Wade, Zack Clinard, and the sensational sophomore, Dean Davidson.

Davidson is 205 pounds, 6' 2", fast as Citation, hit ten receivers in 40 tries last year, and averaged 44 yards on 13 punts. He looked good during the period he played in last year's game which the Wildcats won 14-0, and will probably be one of the outstanding players on the field tomorrow. He prep'd at Woodbury Forest in Virginia.

Berry To Carry

Bobby Berry will be the chief ball carrier. He toted it last year 100 times and went 396 yards.

Jamie Wade is the team's main passer. He completed 27 passes for 506 yards in 47.

Zack Clinard is the punt champion of the SEC, last year having an average of 40.6 from 60 boots. His talented toe accounted for Vandy's 3-0 Northwestern victory and the 10-6 tipping of Ole Miss last season.

Train Chartered To Ky-UT Game

SuKy has chartered a special L&N train to carry Wildcat football fans to the Kentucky-Tennessee game at Knoxville, Nov. 20. The trip, which was approved by Mrs. Sarah B. Holmes, dean of women, will cost \$16.

The train will leave Union Station at 6 a.m. Nov. 20, and will arrive in Knoxville at 11:45 a.m. The return trip will start at 11 p.m. (CST).

Tickets for train reservations will be on sale Nov. 1 at the ticket booth in the SUB or may be purchased from any SuKy member.

Prof. Rhea A. Taylor, SuKy faculty adviser, and Mrs. Taylor, will head the chaperon list.

Ryburn Weakley, chairman of the arrangements committee, announced that SuKy will make no profit on the trip.

King Library Shows Almanacs In Display

A collection of almanacs are being displayed on the second floor of the Margaret I. King Library.

Early Kentucky and southern states, religious, patent medicine, and English almanacs are shown. Early books of the J. P. Morgan Company of Louisville which published almanacs until 1930 are on display.

Mortar Board Takes Orders For Mums

Mortar Board, senior women's honorary, is taking pre-game orders for chrysanthemums Friday morning in the Post Office and in front of the Student Union Building.

Chrysanthemums will also be sold Saturday morning at Dunn's Drug Store, Lime and Maxwell, William's Drug Store, and in front of the stadium where the game.

ACP Will Nominate Candidates For SGA

The All-Campus Party will nominate its SGA candidates on Wednesday at 8 p.m., in Room 128 of the SUB, chairman James Eddleman announced.

Eddleman said that the meeting will be open to all students.

Alumni Gym Sign Proposed By SGA

A sign reading "The Basketball Capitol of the World" will be placed on the Euclid Avenue side of the Alumni Gym if a bill introduced before the Student Government Assembly Monday night is approved.

A temporary sign was placed on the building the week the basketball team returned from the Olympic trials.

Fred Nichols, SGA treasurer, who introduced the bill, recommended a wooden sign 30 or 40 feet long, to be used until the completion of the Field House, when a permanent sign will be constructed. Funds for the project, Nichols said, could be supplied from the surplus in the treasury.

A bill was introduced for the University student association to affiliate with the National Student Association, after a talk by Bill Welsh of Berea College, former president of NSA. A similar bill failed to pass the Assembly last spring.

The bills will be voted upon on Monday.

Honorary Opens Story Contest

Chi Delta Phi, national women's literary honorary, is now accepting manuscripts submitted as a basis for membership.

To qualify for membership, coeds must have had one semester in residence at the University and have attained a minimum standing of 1.8.

All students are eligible to enter Chi Delta Phi's short story contest. Manuscripts for this contest as well as manuscripts for membership should be sent to box 5194, University Post Office.

Chi Delta Phi transfer students are asked to join Xi chapter at a meeting Tuesday at 4 p.m. in the Student Union Building. A. B. Guthrie, author of the best seller, "The Big Sky," will speak to the group.

Company Program Offers Scholarships

The trustees of the James F. Lincoln Arc Welding Foundation have announced the second in a ten-year series of programs which offer scholarships and recognition to engineering undergraduates. Prizes are given on a competitive basis for the preparation of papers on various phases of welding.

The program consists of 77 awards totaling \$5000 and seven scholarships totaling \$1750.

The rules of the program were revised and approved by the deans of engineering of fourteen prominent engineering colleges and may be obtained by writing The James F. Lincoln Arc Welding Foundation, Cleveland 1, Ohio.

WBKY Will Present Political Discussion

"Kentucky Politics" will be the topic of Sunday's discussion on UK Round Table, a WBKY presentation heard over WHAS at 10:30 a.m. Members of this week's panel are Dr. Thomas D. Clark, history department; Dr. J. B. Shannon, political science department; Mr. Burton Milward, political reporter for the Lexington Herald-Leader; Mr. Hugh Morris, political reporter for the Courier-Journal.

Dr. J. E. Reeves, of the political science department, will act as moderator.

Tau Sigma Tryouts Set

Mrs. Revell Estill Shaw, director of Tau Sigma, announced that tryouts for Tau Sigma will be held at the Women's Gym at 7 p.m. Monday.

The tryouts are open to the entire student body. All male students interested are asked to attend.

Candidates for Lances Carnival Queen are from left to right: first row—Dora Jane Hendry, Betty Seay, "Pinky" Saffell, Elizabeth Gunther, Carla Maddox, Donna Russell, Betty Ann Stoll. Second row—Bertha Ann Lutes, Gloria Bianco, Betty Elliot, Carolyn Smith, Nancy Brewer, Mary Ann Goodson, Pat Campbell, and Evelyn Ewing. Third Row—Nancy Shinnick and Mildred W. Cox. Fourth Row—Caroline Hill, Mary Lou Long, "Sitty" Russell, Ann Marcum, Jackie Miller, "Jinny" Haag, Joan Lindstrom, Nancy Payne and Mary O'Dell.

Carnival Features Fun, Variety

There's going to be a rat race intermission time of the dance with the runner-up as first attendant. Preceding the installation of "Her Majesty," dance specialties by Tau Sigma, modern dance group, will be highlighted.

A genuine rat race, backed by Phi Kappa Tau, is but one of approximately 30 entertainment concessions planned to make the intramural field a place of fun and frolic.

That's Not All

There's music too, not only on the field, but Bob Bleid's orchestra will hold forth for a cabaret-style dance in the Student Union Ballroom. Although the carnival does not end until 10:30 p.m., the dance will begin at 9:30.

Those who enjoyed a daring climb up the fire escape to the ballroom last year must this year content themselves with a dignified entrance in the usual front-door manner, for tickets will be accepted at the main door only.

Beauty's Not Forgotten

Beauty as well as music and fun will be a keynote for the night, for each booth is entering a candidate for Carnival Queen to be chosen on the basis of the popularity and proceeds of the sponsor's booth. The coronation will take place at

Cora Frances Saffell; Kappa Delta, Elizabeth Gunther; Kappa Kappa Gamma, Mary O'Dell; and Zeta Tau Alpha, Ann Marcum.

Program Is Varied

Campus organizations have gone all out this year to give carnival-goers a varied and exciting time. The S.S. Sigma Chi, a gambling riverboat, will come in for a daring landing, and the Delta Chi's will offer a "hiss-the-villain" entertainment in their burlesque melodrama. Alpha Sigma Phi hillbillies will harmonize while the Phi Deltis indulge in a burlesque, and the Phi Sigs retreat into the mellow nineties. Eye-brow-lifting items include the ADP nite club and a peek at a "Night in the House of Kappa Kappa Gamma."

Gastronomical needs will not be forgotten. Candy will be raffled by the Kappa Sigs, candied apples dispensed by the Delta Zetas, and Zeta Tau Alpha will provide those old standbys popcorn balls and cotton candy. SuKy will be the official thirst-quenchers, with soft drinks.

In the event of rain, carnival booths will be moved inside Alumni Gym.

What Price SuKy?

What's the matter with SuKy?

Why doesn't it start a card section at games, sponsor huge pep rallies, send all the cheerleaders to out-of-town games? It can't.

SuKy used to be an independent organization, eager with the spirit it tried to promote. Such lively displays as card sections, for instance, appealed not only to students but to alumni, townspeople, and all outsiders.

The Circle financed its many active ventures with money made from concessions at UK games.

Two years ago, concession rights were taken away from this student group, on the grounds that its members weren't completely covering the stands. A commercial concern got the rights, under a five-year contract.

A temporary budget is set up for SuKy at the beginning of the year, but if the company doesn't make it, the Circle doesn't get it.

SuKy is hamstrung by having its funds dribble in in small amounts, rather than getting a lump sum. The group has to

vote on an expenditure of even 15 cents for poster paper, and that 15 cents has to be requisitioned by a lengthy process.

Of course this handicaps a group that has to work fast, and often on short notice.

SuKy needs more members, but it has to limit its number to 50 because it can't afford the sweaters and trips which are well-deserved returns for working through the long, tough try-out period.

Of the 125 students trying out now, only 25 can be taken in. One hundred interested students must be turned away from a student pep organization.

With the threat of suspension hanging over its head if it goes over its budget, SuKy should have the concession rights at UK games, but the present contract makes that impossible.

At least, the Circle needs a lump sum of money, more liberty in handling it, and encouragement, not pinching, discouraging interference with small efforts.

Perhaps these days of businesslike athletics naturally produce a tendency toward making school spirit a machine-tooled product also, relegating amateurish enthusiasm to the intramural field.

We hope not. SuKy used to be an active, well-known, student-run student organization. It's too bad that it's fast becoming about as lively as a museum mummy.

Letters

Dear Editor:

Three well-known campus fraternities, I Tappa Keg, I Bumma Sig, and I Felta Thigh, have authorized the two undersigned loyal brothers to submit the following plan in dealing with the drinking problem at football games.

1. Have the lights of Stoll Field turned on each Friday night preceding a football game; have the freshman team on hand to scrimmage, and invite all those who drink to come and bring their bottles and consume and cavort to their heart's desire.
2. Limit all freshmen to at least one pint each. At the Mississippi game one of them turned red, then blue, which was quite unpatriotic considering that those colors were the Rebels'.
3. Have all those who haven't

learned to hold their liquor to bring containers for regurgitating purposes. We would like to have some clothes left to wear to church Sunday morning.

Thanks,
Two I Tappa Keg Brothers

STATEMENT OF OWNERSHIP

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION ETC., REQUIRED BY THE ACTS OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933.

Of The Kentucky Kernel, published weekly at the University of Kentucky, Lexington, Ky., for 1948-49.

State of Kentucky
County of Fayette

Before me, a Notary Public in and for the State and county aforesaid, personally appeared Helen Deiss, who, having been duly sworn according to law, depose and says that she is the editor of The Kentucky Kernel and that the following is to the best of her knowledge and belief a true statement of the ownership, management, circulation, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 557, Postal Laws and Regulations, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business manager are:
Publisher: The students of the University of Kentucky, Lexington, Ky.
Editor: Helen Deiss, University of Kentucky.
Managing Editor: Harry Green, University of Kentucky.
Business manager: Allen Terhune, University of Kentucky.

2. That the owner is: the University of Kentucky, Lexington, Ky.
3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of the total amount of bonds, mortgages, or other securities are:
None.

4. That the two paragraphs next above giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 7607.

Letters

To the Editor of the Kernel:

Why are so many letter-writers afraid to back up their opinions with their own names? Why must they consistently hide behind false fronts?

Take last week's Letters to the Editor column for instance. We find Upset, Student, Hortense Q. Hugo and Frank J. Dornheim—all obviously pseudonyms.

Do these people fear the censure of their friends and acquaintances because they crusade against drink and evil? Are they chickens? I was just wondering.

For Students of Science and Engineering

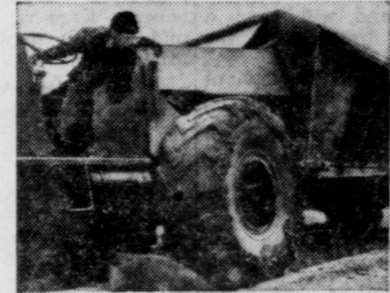

From tire cords to football pants

Do you know about nylon's other lives?

Here's a surprise for those who think of nylon mainly in terms of stockings and lingerie.

Nowadays, nylon fibers—twice as strong and half as heavy as the same size aluminum wire—are doing a variety of jobs, better than any previously known fiber. Off Labrador, men are harpooning whales with nylon lines. In a New England textile mill, abrasion-resistant nylon ropes now drive big "mule spinners" for periods ten times as long as other commercial materials, without a breakdown. Nylon fabrics are being used in everything from rugged automobile seat covers to delicately woven filter cloths.

In its plastic form, nylon is used to make everything from unbreakable dishes to hypodermic needles. As a monofilament, it goes into a variety

Nylon cords give giant truck and airplane tires the strength and elasticity to absorb tremendous impact shock without bruising.

Water won't hurt the nylon strings of this racquet. They resist breakage over an extended period of time. No tiny strands to fray.

Nylon football uniforms, as worn by Bobby Jack Stuart, Army back, are not only tough wearing, but much lighter and quicker drying.

Nylon research: O. C. Wetmore, Ph. D. Phys. Ch., New York U.; H. A. Smith, B. S. Mech. Eng., Purdue '40; C. O. King, Sc. D., Ch. E., Mich. '43, charging experimental condensation polymers to a spinning machine.

of products from machine designed and surgical sutures.

Nylon owes its origin to a Du Pont fundamental research project begun in 1928. A group of scientists set out to find out how and why the molecules of certain substances polymerized to form giant chainlike molecules. Hope of obtaining a new commercial fiber was first aroused when, two years later, a polymer was developed which could be drawn out into a thin strand, like taffy candy. The complex problems which followed called for the services of over 200 Du Pont men and women, among whom were some of America's most competent scientists and engineers.

Research—a Major Du Pont Activity

Nylon is an excellent example of modern research at work at Du Pont. Young scientists joining the organization now may share in other discoveries of outstanding importance. They may find opportunities in such challenging fields as finishes, coated fabrics and various fibers; synthetic organic chemicals, including fine chemicals; synthetic rubber; electro and agricultural chemicals; plastics; pigments and photographic film; and high pressure synthesis.

Each of ten manufacturing departments of Du Pont has its own staff and is operated much like a separate company. Within each, research men work in groups small enough to bring quick recognition of individual talent and capabilities.

Year after year, young, inquiring minds come from leading U.S. schools of science and engineering to Du Pont—where individual ambition is matched with opportunity, cooperation and the type of friendly support that brings out the best in each person.

Scram, Fellers, This Concerns Only The "New Look" Crowd

By Robbie Robinson

Surely that isn't Grandma trodding across the campus in such a rush toward the grill? No? Then it must be little Gwendolyn in part of Grandma's wardrobe.

Perhaps this may sound a trifle fantastic to you, but have you really taken a good analytical look at that gal sitting next to you and stopped to compare her costume to one your grandmother is wearing in your parlor-hung tinker?

All the fabulous ruffles and bustles and bows of her time have returned to combine with a few streamlined ideas in making up this year's You Look.

Last year's sudden outburst of fashion with its enormous skirts and hip pads has subsided and styles have become moderate and sensible, tending to create a more natural silhouette. Shoulders are narrower, lightly padded, and sloping. Waists are, of course, pinched, with wide or pencil-slim skirts.

Skirt Lengths Argued

Skirt lengths are being argued everywhere. UK coeds are wearing them longer while some of the townspeople stuck to their shorter skirts. Many experts assert that coats and suits should be 12 inches; day dresses 12 to 13; five o'clock frocks at 10 to 12; and ankle or instep for informal wear.

Everyone has heard plenty about the "plunged" neckline and the very popular and cute "back interest" stuff.

New Shades Worn

Fabric and color hold the limelight this season. At last have returned the lush velvets, slipper satins, brocades, and failles. Perhaps the most interesting hue this year is the orange, turning up in a large variety of shades including bittersweet, apricot, and burnt orange.

There is also the new greige which is, as you might possibly suspect, a grey-beige mixture. Plum, wine, wintergreen, and royal blue are popular with black and brown winning out as the most fascinating color combination.

Corodury Still Good

For school wear we have old faithful corduroy, new printed velveteen, calico, and poplin.

The '48 college girls' sweaters and jerseys are fitted and worn inside her skirts. With the return of cashmere and tweeds the newest ensemble is the one tone costume with sweater, skirt, and scarf matching. Quilted skirts lined in calico or cotton flannel are the best bet for the approaching Big Chill. Another trick to keep out the cold is a bright red flannel petticoat under your wool skirts.

Shoe Styles Change

Shoes came out of the dull class this fall and have really shown up in grand style on the campus. Loafers and lace-ups with thick crepe soles are running first with buckled Robin Hood boots and zipper slippers right behind.

Accessories provide an interesting accent for most any costume. Belts are still extremely wide to very narrow and silk neck scarves are as good as ever.

Reminiscent of Gay Nineties men's styles are the gay garters that the gals wear on their full sleeved blouses.

In wearing these new fashions it is important to remember that good fit, personal grooming, and carriage

are what do the real trick. The woman makes the clothes; the clothes don't make the woman.

"Mademoiselle" magazine is now conducting its annual contest for College Board members. Rubye Graham, Kentucky board member, announced.

Undergraduates of all American colleges are eligible to enter the contest which closes Nov. 1. Twenty guest editors will be chosen from this year's College Board members.

The guest editors are awarded a trip to New York for four weeks (June 6 through July 1, 1949) to help write and edit the August College issue of "Mademoiselle." They will be paid round-trip transportation, plus a regular salary for their work.

Get Career Help

While in New York City, guest editors take part in a full calendar of activities designed to give them a head start in their careers. They receive informal, personalized career guidance.

In addition each guest editor interviews a top celebrity in her chosen field, to get advice on the education and training needed.

Guest editors are selected on the basis of three assignments to be given by "Mademoiselle's" college department during the year.

Rules Given

Here are the rules for joining the College Board:

1. Contestants must submit a report of two typewritten, double-spaced pages on any new phase of campus life: a new academic course, a fashion, a fad, a campus activity, an interesting organization, a college trend or anything that might interest other college students.

2. Contestants must submit a snapshot, plus complete data on college and home addresses, class year, college major and minor, other interests and activities and paid or volunteer jobs held.

3. All material must be mailed to the College Board Editor, "Mademoiselle," 122 East 42 Street, New York 17, N. Y., postmarked no later than midnight, Nov. 1, 1948.

4. Only undergraduates at accredited colleges and junior colleges, available to work as guest editors from June 6 to July 1, 1949, are eligible.

University students who were on the Board last year and will continue this year are Betty Heiss and Rubye Graham.

The first daily Oregonian was printed in 1861.

Faculty Personals

Seaton In Illinois

Dr. D. C. Seaton, head of the physical education department, is attending a graduate conference at Pere-Marquette State Park, Graton, Ill.

Laura K. Martin

Miss Laura K. Martin, associate professor of library science, visited school libraries in Laurel and Whiteley counties with Miss Louise Galoway, state school library consultant, last week.

Both spoke at the library section of the Upper Cumberland Education Association at Barbourville Thursday.

Dean Holmes Attends Meeting

Dean Sarah B. Holmes, Dean Haselden and Mrs. Chloe Gifford, attended an American Association of University Women at Mammoth Cave Oct. 9.

Rupp To Address Faculty

Coach Adolph Rupp will address faculty members tonight at a dinner given at the Faculty Club at 6:30.

This is the first in a series of dinners which will be given by the club for new faculty members.

Dr. Calvin Speaks

Dr. James Calvin, professor of psychology, was guest speaker at a meeting of the American Institute of Electrical Engineers in Memorial Hall Tuesday.

Dr. Calvin spoke on "Psychological Engineering."

Mr. Bach To Speak

Mr. Hager Bach of the Department of Political Science, will address the Lexington League of Women Voters at 3:15 p.m. Friday, October 22, at the Lexington Public Library.

His topic will be "Strengthening the United Nations."

Dr. Shannon Publishes Article

Dr. J. B. Shannon of the Political Science department has published an article called "Political Philosophy for an Industrial South" in the current issue of the South Atlantic Quarterly.

Political Science Changes

Mr. C. B. Stephenson and Mr. Thomas A. Rusch have joined the faculty of the Political Science department as instructors. They replace Mr. William D. Stout, who left to take a position at the University of Tennessee, and Mr. Charles Povolovich, who resigned to con-

tinue his graduate work at the University of Southern California.

Dr. Riley Addresses Club

Dr. Herbert P. Riley, professor of botany, addressed the Biology Club of Georgetown College on Oct. 7. He spoke on "Some Methods Used to Change the Germs."

Engineers Hold Steak Fry

The faculty of the College of Engineering held a steak fry at Clay's Ferry Friday, in honor of J. R. Johnson, professor-emeritus, who celebrated his eightieth birthday. Professor R. D. Hawkins, social chairman, was in charge of arrangements.

Two Attend Conference

Dr. Morris Scherago and Dr. E. S. Maxwell, of the bacteriology department, attended the Society of Clinical Pathologists and the American Public Health Association meetings in Chicago this week.

German Professor Appointed

Dr. Alfred von der Heydt, formerly of the University of Akron, has been appointed to the German Department as a professor, it was announced by A. E. Bigge, department head.

Miss Wilmore To Attend Meeting

Miss Helen Wilmore, home management director, will attend a

meeting of the National Consumer Interest Committee of the Home Economic Association in Washington, D.C., Oct. 16 and 17.

Horlacher Going To Washington

Dean L. J. Horlacher, of the College of Agriculture, will be in Washington next week to attend a meeting of consultants for the special project in the improvement in the instruction in agriculture in the Negro land-grant colleges.

This conference is a part of three-year study project.

Mr. Rannels At Art Meeting

Dr. Edward W. Rannels, head of

the art department, will be the principal speaker of the Ohio Valley Art Conference held at Oberlin College tonight. His topic is "Art in the Humanities."

Tomorrow Mr. Rannels will attend a Medieval Symposium also to be held at Oberlin.

30-DAY SMOKING TEST PROVES CAMEL MILDNESS!

- 1 In a recent test, hundreds of men and women all across the country... of all ages and occupations... were closely observed as they smoked Camels—and only Camels—for 30 consecutive days. And they smoked on the average of one to two packages of Camels a day. But only Camels!
- 2 Every week throughout this dramatic 30-day test, their throats were carefully examined by noted specialists—a total of 2470 exact examinations. And among all these smokers, these famous throat specialists found not one single case of throat irritation due to smoking Camels!
- 3 Prove it yourself. In your "T-Zone"—T for Taste and T for Throat. Smoke Camels for 30 days. Let YOUR OWN TASTE tell you about the full, rich flavor of Camel's choice tobaccos. Let YOUR OWN THROAT tell you the story of Camel's cool mildness. Yes, prove for yourself that there's

NO THROAT IRRITATION
DUE TO SMOKING CAMELS!

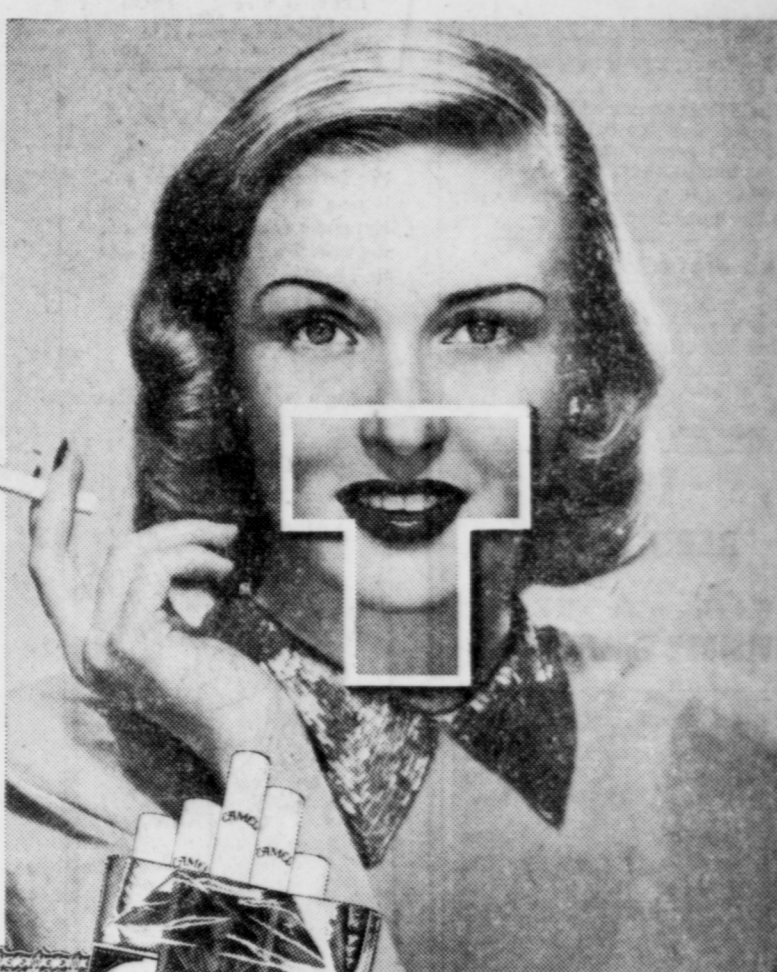

Prove it Yourself!

Make the Camel 30-Day Test in Your "T-Zone"

Money-Back Guarantee!

Smoke Camels for 30 consecutive days. Smoke only Camels. If, at any time during these 30 days, you are not convinced that Camels are the mildest cigarette you have ever smoked, return the package with the unused Camels and we will refund your full purchase price, plus postage. This offer is good for 90 days from this date.

(Signed) R. J. REYNOLDS TOBACCO COMPANY, WINSTON-SALEM, NORTH CAROLINA

According to a Nationwide survey: MORE DOCTORS SMOKE CAMELS than any other cigarette

Doctors smoke for pleasure, too! And when three leading independent research organizations asked 115,597 doctors what cigarette they smoked, the brand named most was Camel!

The Spice Of Life

By Ruby Graham and
Jobie Anderson

Now that the races are here again the campus seems deserted, doesn't it? Looks like the UK fans are trying to win back their money after the Georgia game Saturday.

Bob Carter and Lois Cheek, who were pinned a year ago today, are going steady now.

Joan Finney and Bob Shearer had a fuss, and now he's looking for a new date. Anybody willing? The Sigma Chi cameras are clicking! No doubt they'll have a flashy page in the annual.

From the latest reports Dick Endicott, Bob Brumfield, and Bill Winfree have covered more territory in the four weeks of school than any other males of like caliber on campus. Hmhmhmhm!

Eli Jackson, who has been having double trouble at Lydia Brown, is getting ready for triple trouble. It seems as though a gal is coming this weekend from Miami University—and she's staying at Lydia Brown too.

Was it Henry Busse's music or Catherine Harlow's charm that made Renick Marsh so happy Friday night?

Tinker Baggartley did a swell job at the Kappa Sig formal at the Lexington Country Club Friday night. What two Triangles have felt the breath of the Joyland Wolves on their necks?

Brian Daugherty and Don Donohue should be able to do better than play solitaire on Saturday night.

Squeaky's ninety cents took 'em all the way to Sayre Hall and back to the Tavern. Sure is nice to pick up a gay date!

Karl Christ is wondering how he can ever pay his phone bill this month. What's so good about St. Louis anyhow?

Jim Hibbard shouldn't have gone to Cincy—right, "Chickie"? The Eternal Triangle, centered around some ZTA pledge, is sided by Jim Haworth, John Tietgen, and George Murray.

Settlement of the week: Wynn Mosely takes car; Bill Pritchard gets girl—are you satisfied, Beverly? George Mills is trying to best Bob Stone's time with Anita Underhill.

Pinned: Carol Jacobs and Hilby Bryant; Charlie Humston and Gale

Grogan; Bill McShane and Mary Lou Keyser.

Nancy Shinnick sure set the style Saturday night with that French beret.

The Versailles crowd nearly took over Gentry's Saturday night. Seen together recently: Frank Bassett and "Best Dressed" Libby Reynolds.

John Spinks is tickled pink with his new pin. He received it last January and wore it for the first time last week.

Carolyn Pace and Henry White seem to have quite a horse interest. Barbara Harris and Dick French are becoming regular "Saturday nighters."

Clown of the month: Cheney Everett. We don't have to explain.

Joan Rhodes was a wee bit peeved when Bruce Owens dropped out of the picture at the Sig Ep party.

Don Sebastian is mighty happy about dating Betty Seay.

Doll Price and Johnny Crockett have just celebrated their first anniversary—of being pinned, of course. Roses sure are nice. And speaking of SGA presidents, past and present, Claude Sprowles is also doing some politicking at the KD House.

We'd better get a safety belt for Libby Collins and Buff Afford before the Vanderbilt game tomorrow, 'cause they really get excited when Bill Bolter and Bill Wannamaker trot out on the field.

The freshman team has really caught the feminine eye with those sharp haircuts.

Freddie Nichols has gone for Edith Bishop in a big way. You should have seen 'em at the Sigma Nu party.

Ramon Morgan and Johnny Mayes have really been hustlin' down Danville way.

Speaking of Danville, Red Volmer was seen at the Henry Clay-Danville HI game with Peggy Russell. She didn't marry that Delta Chi after all.

Unpinned: Jack Darlington and Ann Lair.

Alex Montgomery isn't contented with anyone but "Sitty" Russell.

Fred Ament and Billy More had a mighty good time at the Phi Sig party.

Have fun at the game, but, first, you'd better read "Letters to the Editor" in last week's Kernel again!

For the first time according to the registrar's office, four members of the same family are attending the University at the same time. In back are Louis and John Dusina. Seated are Joseph and Eugene.

Dusinas Here --- Dusinas There On UK Campus Everywhere

Dusinas, Dusinas, Dusinas! Everywhere Dusinas! There are four of them, all brothers, and all at present are lending their talents to the University.

The boys are natives of Lynch, Ky., where the three oldest, Joe, Louis, and John, graduated from high school. Eugene, the youngest, graduated from Lafayette High School in Lexington.

The lives of the Dusinas in the last few years have by no means been calm, complacent ones. Joe, the oldest, served four years as a Marine corporal, and was among the first group to land on Guadalcanal in 1942. At present he is a senior in the College of Commerce.

Next in line is Louis, who already has a diploma from the College of Engineering and who, in 1949, will receive another from the College of Commerce, along with Joe. As a graduate assistant, he instructs three engineering classes. He served three years in the China-Burma-India theater as a staff sergeant in the Signal Corps. He is a registered Professional Engineer in West Virginia, and an associate member of the American Institute of Electrical Engineers.

John, the third of the Dusinas, remarkable as it may seem, is also a senior, and is enrolled in the electrical department of the College of Engineering. He was an electrician's mate, first class, in the Navy for three years.

Eugene, a freshman, is also enrolled in the College of Engineering. At one time or another each of the Dusinas have taken engineering.

Though neither of their parents have ever attended the University, the young Dusinas seem to have a definite tendency toward the "blue and white."

Three other Dusinas are Robert, a sophomore in high school, and Charles and Billy, both in grade school. There's a great possibility that they, too, might choose to come to UK.

Besides the seven boys, there are also two girls in the family.

EASES JERRY INTO UPPER HIERARCHY OF JOURNALESE

I FEEL LOW AS A HERPETOLOGIST'S PRIDES HAUNCHES. THOSE CIGARETTES I SMOKE LEAVE MY THROAT SO DRY AND PARCHED, I CAN'T EVEN CALL IN A STORY.

SAY, THAT SOUNDS LIKE CIGARETTE HANGOVER!

SHE'S RIGHT, JERRY! WHY DON'T YOU SWITCH TO PHILIP MORRIS? THEY'RE THE ONLY LEADING CIGARETTE PROVED DEFINITELY LESS IRRITATING.

THANKS LOTS, JOHNNY, I NEARLY LET CIGARETTE HANGOVER WRITE '30' FOR ME

MY HOARSENESS IS GONE, MEL. NOW THAT I'M SMOKING MILD, FRESHER PHILIP MORRIS, GIVE ME ANOTHER CHANCE.

OKAY, BOY! COVER THE PRESIDENT'S SPEECH TONIGHT.

SWELL GOING, JERRY! YOUR STORY OF THE PREXY'S POLEMIC IS SLIGHTLY TERRIF!

YOU OUGHT TO THANK JOHNNY TOO. MEL HE GAVE ME THE LEAD I NEEDED TO SCORE A 'SCOOP' WITH PHILIP MORRIS.

here's a BIG scoop, gang—

You'll enjoy a milder, fresher, cleaner smoke in PHILIP MORRIS—the one cigarette recognized by eminent nose and throat specialists as definitely less irritating than any other leading brand. That's why, all over America, smokers report* NO CIGARETTE HANGOVER when you smoke PHILIP MORRIS. Yes, you'll be glad tomorrow, you smoked PHILIP MORRIS today!

Cookin' With Gaskin

Something schmoos has been added, which puts LSU in a sad state. Better no majorettes (UK) than LSU's problem. Their drum majorettes have changed to the "New Look" in fashions. Instead of the usual very-short costumes, the majorettes' skirt hem-lines will drop to one inch below the knee.

Prediction: Most of the men will probably lose interest in the band.

Sedgwick: "Terribly sorry you buried your wife yesterday."

Watleywood: "Had to—dead you know."

—Berea College "Wallpaper." Is anyone interested in pisciculture (the rearing and breeding of fish)? If so, Indiana University's Hickory Hall can start your collection. The men in Hickory Hall sponsored a booth in the Fall Carnival whose main attraction was a goldfish race. Every fish had a number and each person picked the fish he wanted. The fish that won was given to whomever selected it. Unfortunately there were quite a few goldfish left over. They are now swimming in a bathtub in one of the shower rooms in Hickory Hall. No one sees to know what to do with them.

Have you heard about the illegitimate rice krispie? — Snap, crackle, but no pop.

Tom Dewey has already made plans to move the piano out of the White House. Prexy Truman has ordered an organ attachment for same. Henry Wallace has planned to change the Constitution, paint the White House red, dam up Erie Canal, and make Iowa the mecca of America.—Purdue Exponent (from "Auburn Plainsman")

The reason the average girl would rather have beauty than brains is because the average man can see better than he can think.—Berea College "Wallpaper."

The student council at the University of West Virginia passed a resolution to the effect that an agency be established which would be the official campus photograph agency. The photographer will be available, at no expense or obligation, to all recognized campus organizations.

The profits of the photographer would depend on the number of prints he sold each organization requesting him to cover special events.—U. of W. Va. "Daily Athenaeum."

Sounds like a pretty good idea. Why doesn't SGA try something like that?

When a girl is 16, she's good-looking.
When she's 30, she has wrinkles.
When she's 40, she has gray hair.
When she's 45, she turns blonde and starts all over again.
—Morehead "Trailblazer"

Acrostiche a mon ami
Mille sportifs
Ont vu cette bequille
Rouler les quilles
En joueur chetif.
Ne rions cependant de lui,
Car la bonne volonté
Y abonde, chez MORENCY.
—A. Mateur du Palace
Sorry, I can't read it either.

After that, this oughta stop.

Phys Ed Club Holds Get-Acquainted Party

The physical education majors will have a "get-acquainted" party in the Student Union Building Ballroom on Oct. 21 at 7 p.m. Margaret Wilson, president of the Physical Education Majors Club, stated that it is an official departmental function and that all physical education majors are to attend.

Members of the recreation leadership class are planning a program of games and folk dancing. Members of the committee include Mary Ellen Price, chairman, Doris Coleman, Jean Stevens, Bob Barnes and Jack Bailey.

Library Closes

The Margaret I. King Library will close at 12:30, Oct. 16, because of the Vanderbilt game.

J. Paul Sheedy* Switched to Wildroot Cream-Oil
Because He Flunked The Finger Nail Test

REMEMBER the mane? You should have seen the one on this social lion before he switched to Wildroot Cream-Oil. It was positively beastly! So may we make a suggestion: try a little Wildroot Cream-Oil hair tonic on your own hair. You'll roar with approval when you see how it grooms your hair neatly and naturally without that greasy, plastered down look. How it relieves dryness, removes loose dandruff and helps you pass the Fingernail Test! Wildroot Cream-Oil is non-alcoholic and contains soothing Lanolin. Ask your barber for a professional application. And get a bottle or tube for your den today. You'll find it at any drug or toilet goods counter. We aren't lion when we say you'll like it better than any other hair tonic. Most of the cats do!

* of 327 Burroughs Drive, Snyder, N. Y.

Wildroot Company, Inc., Buffalo 11, N. Y.

ARE YOU
QUALIFIED FOR

an Officer's Commission

IN ONE OF THESE

FOUR CHALLENGING CAREERS?

Women like you keep our Army and our Air Force in the best physical condition in the world. Graduate nurses, dietitians, physical and occupational therapists are tremendously important to our Army and Air Force at home or overseas, for it would be impossible to operate efficiently without the helpful care of women skilled in those fields.

As a Medical Department dietitian, you will probably first be assigned to a large station hospital to assist with the hospital food service. There, and everywhere in the Services, you will find rotation of assignments. Physical and occupational therapists will work with the most modern equipment in treating a wide range of patients, gradually helping them regain physical and mental health. Army nurses and Flight nurses are trained to handle a great variety of cases, and are given opportunity to specialize according to their interests.

But whatever your specialty, you will have the prestige of a highly respected profession and the excitement which goes with a military career. Wherever you go, your uniform and insignia will be the mark of a noble and rewarding position. You will have the income, privileges, and friendship of officers everywhere. You will be recognized as one of a chosen few in the Army Nurse Corps or the Women's Medical Specialist Corps.

• For further information on these distinguished careers, visit your nearest U. S. Army and U. S. Air Force Recruiting Station:

Quadectuplets Born In McVey; No Need For Pediatrician

Lexington, Ky., Oct. 15 (KK)—Quadectuplets have been born in McVey Hall.

Tuesday morning for the first time in the history of the University, children were born in one of the buildings—40 of them.

The tots were not born in a maternity ward by any means, but rather in a print shop—the Kernel plant, to be exact.

The most amazing thing about this event however, is not what has happened, but what is happening at this very moment.

Progeny are still coming forth. At the last count, there were 40 in the family—but they are still coming, at the rate of one every hour.

Who is this astounding mother? Why, her name is Sally, and she resides in McVey Hall, in the com-

mon room of the Kernel plant.

She is a Black Widow spider. She was captured during the summer by some of the men from the print shop and has lived happily ever since on a diet of grasshoppers and flies.

Flash: The latest count on Sally's bountiful offspring, according to unofficial statistics is 102.

Busy little WIDOW, isn't she?

THEN and NOW

(Continued from Page Five)

Houlahan, Mr. and Mrs. Lucien Lee, Edward Shinnick and Mrs. Shinnick, 27, of Lexington; Dr. Jack Rash, 30, Miami, Fla.; Dr. Alton Parker Liles, 36, Atlanta, and num-

erous others who did not happen to register with the secretary.

Leading alumnus and most loyal Wildcat booster on the trip was Earle C. Clements, 20, governor of Kentucky and more than 30 years ago the center of Kentucky's football team. Accompanying him was Dr. John Manning, former professor of political science at the University and now state commissioner of finance in the Clements administration.

Friday night, preceding the game, B. A. Shively UK athletic director, Helen G. King, 25, executive secretary of the Alumni Association, and Mary Dainoff, 39, active alumna and Wildcat booster, attended a reorganization meeting of Kentucky Alumni in the Atlanta area.

Hugh Adcock, 33, of Atlanta, and Hopkinsville, directed the work of reorganization and gathered a representative group together for the meeting which was held at Harris, Inc., 23 Broad street. A detailed story of the meeting and election will be published in the February issue of the Kentucky Alumnus.

Sweater Swing Slated

A sweater swing sponsored by the Student Union Board will be held Oct. 19, in the ballroom of the Student Union Building from 8-9:45 p.m.

Ag Dean Addresses College Convocation

The need for agriculture and home economics graduates is greater now than ever before, according to Dr. Thomas Cooper, Dean of the College of Agriculture and Home Economics.

Speaking before an assembly of the college in Memorial Hall last Tuesday, Dean Cooper stated the school's biggest problem is to get enough enrollees to meet the increased demand.

Y Programs Planned

"Psychology of Religion" will be the topic discussed by Dr. Halbert Lee, local psychiatrist, at the Upperclass Fellowship, Tuesday, at 7:15 in the Y Lounge.

Miss Mildred Lewis of the University music department will lead

Player Of The Week: Bob Gain

The Kernel selection for Player-of-the-Week honors following the Georgia game goes to Sophomore Bob Gain, the Wildcat's 220-pound tackle, claimed by many as the foremost candidate on the Kentucky squad for All-American honors.

The 19-year-old Weirton, W. Va. griddler has played three outstanding games in a row for the Bryansmen this season. He was named by Georgia's Coach Wally Butts after the Bulldog-Wildcat scrap last Saturday as having played a "fine game" against his crew.

Gain was one of the several Kentucky linemen who took a lot of punishment bucking the three-deep forward wall of the Peach State eleven. Although he played most of the game, the 6'3" West Virginian was forced to leave the battle several times to rest for a few minutes. Lack of competent tackles has forced the UK grid tutor to use Bob as much as possible in both the Georgia and the Ole Miss games.

One thing that went without too much notice in last week's encounter was the net yards gained by rushing. In this department, UK

outdid the Georgians, 177 yards to 168. Little Wally Butts wisely decided to go over the Wildcat line, via Rauch aerials, and the line thrusts that the Bulldogs did use were not too successful. The out-manned Kentucky line played a very fine game against the bigger and deeper forward wall of the Red and Black.

After the Ole Miss skirmish, Coach Bryant stated that without Bob Gain in the contest, the Rebs probably would have scored two or three more times than they did.

Against the Georgia Bulldogs, Gain once more stood out as the bulwark of the UK line. He is a vital cog in the Wildcat grid machine. Last season, in his first year, Bob made the All-Southeastern freshman team. He was All-State in West Virginia, playing for Weir High School.

Intramural Sports • By Tom Spillman and Claude Sprowls

An All-Star team for each division of touch football will be selected by vote of players within that division according to Bill McCubbin, I-M director.

The team will be announced at the end of the tournament, and each member will receive a certificate of merit.

The Intramural Department announces that all types of open blocking will be allowed, as long as the player does not leave his feet. Under this decision, high and low, dip, cross-body, and check blocks will be legal.

Bowling tourney deadline is today and play begins Monday from 7 to 9 p.m., in the University lanes on Euclid.

Only the first twelve teams to enter and pay their \$3 dues will be accepted.

John Ladenberger has joined the intramural staff as assistant to Senior I-M Manager Claude S. Sprowls. John will officiate and score all tennis, badminton, and ping pong matches.

Ping pong and golf elimination are at last under way and hold promises of good matches.

All golf score cards (both single and doubles) must be turned in either to the Intramural Office, or to Claude Sprowls within 24 hours after play.

After the second week of intramural touch football ended, league standings were as follows:

Division I			
Kinthead	2	0	1,000
PKA	2	0	1,000
SPE	1	0	1,000
LXA	1	1	500
KA	1	2	333
SN	1	2	333
ATO	0	3	500
Division II			
PKT	3	0	1,000
SAE	2	0	1,000
Triangles	2	1	666
PSK	1	1	500
DX	1	2	333
AGR	0	2	500
Lewisites	0	3	500
Division III			
SX	3	0	1,000
PDT	2	1	666
ASP	1	1	500
DTD	1	1	500
KS	1	1	500
Northern Ky. Turtles	1	2	333
ZBT	0	3	500

Outstanding games of the past week are listed below.

Kinthead Hall 18, SN 6
SPE 13, LXA 6
Northern Ky. Turtles 6, DTD 0
SX 15, KS 0
SAE 20, AGR 0
PKT 18, Triangles 0
SAE 6, PSK 0
PKA 13, KA 0

Other scores include:

Division I: PDT 12, ASP 0; SX 18, No. Ky. Turtles 0; DTD 7, ZBT 0; KS 12, No. Ky. Turtles 0; ASP 7, ZBT 6; SX 20, ZBT 0.
Division II: SAE 19, DX 0; PKT 7, Lewisites 6; Triangles 7, PSK 3; DX 6, Lewisites 0 (forfeit); AGR 7, DX 6; Triangles 1, Lewisites 0 (overtime).

Division III: SN 7, ATO 2; KA 12, ATO 6.

Freshman Cage Squad Will Be Sliced To 15

By Tom Spillman

Scrimmage and work on fundamentals have featured the week's workouts of the freshman basketball team.

Each day, for the beginning half of the practice session, the frosh have either refreshed their memory or learned the basic essentials of the game. Faking has been stressed heavily, along with guarding, ball-handling, and the positions of each player on throw-ins and free shots.

A hard and fast scrimmage is rounding the men into shape. Since many of the regular varsity players are loosening up with practice shots each day, they sometimes scrimmage the first-year players.

It has been evident that the varsity is as good, if not better, than ever; but they still have trouble holding the freshmen at times.

Ted Price, a tall center from Cincinnati, is having contact lenses made, after having a lens in his present glasses knocked out in a practice game last week.

Between now and November first, when the regulars report for action, the squad is to be pared to fifteen. The men working out are listed below with their position and home town.

Centers:
William Spivey, Warner-Robins, Macon, Ga.
Ted Price, Cincinnati, Ohio
William Neu, Rockville Center, N. Y.
Forwards:
Walter Whittaker, Rockville Center, N. Y.
Richard Swan, Gary, Ind.
George Lambros, Huntington, W. Va.
C. M. Newton, Ft. Lauderdale, Fla.
Richard Scott, Jeffersonville, Ind.
Gene Auen, Paducah
Guards:
Myron Hill, Cynthia

BOBBY BERRY, is Vandy's top triple-threat ack. He scored 48 points last year as a sophomore. Berry is six-foot tall, weighs 165 pounds, and is a Nashville lad. He specializes in long, breakaway runs and scoring key touchdowns. A dangerous passer too.

Bert Cox, London
Leonard Pearson, Chicago, Ill.
Guy Strong, Irvine
"Skipper" Whitaker, Sarasota, Fla.
William Francis, Hazard
Bobby Watson, Owensboro
Gus Stergeos, Maysville

TIPS ON TOGS

By
Link

OBSERVATION... Have noticed quite a few neat dressers around the University and town this season, and from my Observation Post here in the store, I also notice the trend away from the affected sloppiness of the past couple of years... Casual wear is great but sloppiness is definitely out... and speaking of casual clothes...

FABULOUS... Is the word for the continued popularity of Corduroy Sport Coats... (We sold completely out of one shipment and are now starting on our second batch) I can fully understand their popularity, because they are so darn comfortable, practical and easy on the eyes... also easy on the pocket book... \$15.75... some of the best dressers in the country are sporting them...

BRIMS UP... PIC and Esquire are featuring hats to be worn with the brims up... and this AM the delivery truck brought us some from the "Mallory Hat Co." I tried several on and heartily endorse them... adds a little zip and freshness to ones appearance...

RAP-A-ROUND... Looking for something REALLY new and different in sport wear???... then drop in and get a gander at the RAP-A-ROUND coat designed in California. I can get them in any size and three colors to choose from... Tan... Light Green... Navy Blue Flannel. I got one for myself and have practically lived in it ever since.

STRAY THOUGHT... Charles Prichett of Sigma Nu should like this garment... it's smooth.

DisKentucky

Sports Review

— By Tom Diskin, Sports Editor —

In 24 previous games with the Vanderbilt Commodores of Nashville, the Kentucky Wildcats have won only three times. Two of these three victories have come since Coach Paul Bryant took over the reins of the Cats.

Football relations between the Commodores and Kentucky started back in 1896, but it wasn't until 1939 that the Cats defeated Vandy. That year they won, 21-13. UK's only other conquests have been in 1946 (10-7) and 1947 (14-0). In both of these recent victories, the UK Cats have had to go all out to win.

Two years ago, Phil Cutchin's field goal was the deciding factor. Cutchin threw to Wah Jones for the other Cat score in that game.

Last season, it was QB George Blanda that proved to be "Johnny-on-the-spot." He threw a TD pass to Chink Sengel for the first tally and then bucked the final marker across in the second quarter to complete the day's scoring. Kentucky's line played a terrific game in this contest, stopping the Vandy team several times deep in our territory.

Wah Wah Jones is the only lineman back for Kentucky from the team that started against Vandy in 1947. In the backfield, Blanda, Bill Bolter, Lee Truman and Bobo Farris started the tilt. Only Farris is no longer on the squad.

Davidson Is Comer

In last year's game, Vandy's big, hard-running fullback, Dean Davidson, looked like a real comer. He will definitely be one to watch tomorrow. Davidson, only a sophomore, also does some of the passing for Coach Red Sanders' huskies. Other backs which looked good in last season's skirmish were Bobby Berry, a sharp passer; Jamie Wade, a shifty runner who runs from the tailback position; and Herb Rich, who averaged 6.4 yards per try in 1947. Rich has really developed this year. He has played outstanding games against Tech, Alabama and Ole Miss thus far. In the Ole Miss game, Rich scored the only VU touchdown on a beautiful 42-yard sprint. Little Lee Nailey, Commodore's safety man, is very tricky. He is only 5'9" and 162-pounds but is fast and always a threat on punt and kick-off returns.

Here and There: The people of Athens were still talking about that North Carolina team when the Cats arrived on the scene Friday. Many of the Georgia supporters feel that the Tarheels rate at the nation's top team. They were quite impressed by the system that Cary Snavely, Carolina coach, used against the Bulldogs.

North Carolina had two offensive elevens, two for defense, and another team strictly for making the points-after-touchdown. "And that Charlie Justice is like a phantom he's so hard to stop," commented one fan who witnessed the game.

The Cats, with blue shirts, white numerals and pants, came up with exactly the same uniforms as North Carolina wore. For the first five minutes of the game, Georgians must have thought that it was the Tarheels back for a repeat performance.

Spud Chandler, former All-American footballer at Georgia and Yankee pitching star, witnessed the game. He is a scout for both the New York Yankees professional football and baseball teams.

Only 23,000 witnessed the UK-UG game in Georgia's beautiful Sanford Stadium. Justice and Co. drew 45,000 the week before. The seating capacity for the stadium is 48,000, although one scrib said that 55,000 were squeezed in two years ago for the Tech-Bulldogs scrap—for a record attendance.

These two teams will again battle it out at Athens on November 27th, in what should be quite a game. Many Georgians feel that Tech will have a date with North Carolina come January 1st, in the lucrative Sugar Bowl classic.

DEAN DAVIDSON, a 19-year-old sophomore fullback for Vanderbilt, hails from Miami Beach, Fla., stands 6' 2", weighs 205 pounds and has plenty of speed. Last season, he crossed the goal line six times for the Commodores. Davidson is a good passer, punter and runner.

Freshman Eleven Upset By Vandy

Some days you can't make a nickle and last Saturday was just such a day for Kentucky. As the Varsity was stooping to Georgia down in Athens, the Frosh fell victims to Vanderbilt's first-year-men, 19-13.

The Wildkittens jumped out to a first half lead by virtue of Kozlowski's one yard plunge for points and Clark's nine yard trip through the line. Cobb booted a placement to make the score read Kentucky 13, Vandy-0 at the rest period.

However Vandy, sparked by Quarterback Bill Wade, pushed the ball into the end zone three times in the last quarter to chalk up 19 points and victory. The Cats fumbled three times deep in enemy territory in the second half.

Right Half John Cobb and End John Griggs were cited by Coach Erma Allen as playing the best games for the Wildkittens.

Ag Group Sponsors Barbecue Thursday

Block and Bridle, animal husbandry group, will hold a barbecue Thursday from 5 to 8 p.m. near the beef barn on the experiment station farm.

A 60-cent charge will be made. The barbecue is open to all students, especially those interested in animal husbandry, officers said.

Georgia Clips Cats In Wild Tilt, 35-12

The Georgia Bulldogs, led by four hard-running Yankees, clipped Kentucky, 35-12, last Saturday afternoon before 23,000 persons in UG's spacious Sanford Stadium.

For the Wildcats, it was a heart-breaking contest practically from start to finish. Costly fumbles, pass interceptions and injuries to key players hurt the Cats all through the game.

The first half was probably one of the wildest played in a Southeastern Conference game in some years. Kentucky scored before five minutes of play had elapsed. Georgia came back to score and go ahead, 7-6. Then, on a blocked kick, the red-shirted Georgians scored again early in the second quarter to lead 14-6.

Kentucky, not to be denied, retaliated in a matter of seconds. The Cats scored on a long pass, just one play after returning the kickoff to the UK 42 to make it 14-12.

Then with less-than a minute left in the initial half, Georgia moved down the field to score again and hold a 21-12 lead at the half.

In the final semester, the men of Wally Butts stopped any Wildcat scoring, while adding two more TD's for good measure. The first of these came on 31-yard dash around end and the final was scored as a result of a 70-yard pass interception runback.

Four hard-running Yankees did all the scoring for the Georgians.

Fullback John Tillitski, a sophomore from Canton, Ohio, scored the first two scores for UG early in the first quarter on short runs. Then came another fullback, Al Bodine, of Youngstown, Ohio, who raced across the goal after Georgia had moved the ball from their own 23-yard line to the UK 2, immediately before the half ended.

In the third quarter, Halfback Joe Geri, a senior from Phoenixville, Penn., ran 21 yards around end for TD number four. The final marker for the winners came also in this period when elusive Eli Maricich grabbed a Blanda aerial

on his 30 and dashed 70 yards for another six-pointer. Maricich is another Northern boy, hailing from Chicago.

Tillitski led the 'Dogs in scoring with two touchdowns and 12 points; Geri had one score and five perfect placements for an 11-point aggregate; Bodine and Maricich completed the scoring with six points each.

Jamerson And Zaranka Score For UK

Shorty Jamerson bucked over from the two for first UK score in the initial period, after an end zone punt by Geri fizzled out and went out of bounds on the Kentucky 5 soon after the game started. The final Cat tally came in the second canto when lanky Ben Zaranka grabbed QB George Blanda's aerial on the 42-yard stripe and galloped 58 yards down the sidelines for the TD.

Then in the third period, a much-disputed play occurred when Zaranka took another pass on the four-yard line and then let the ball squirt out of his hands just as he crossed the goal line.

Statistics of the Kentucky-Georgia game were:

KENTUCKY		GEORGIA	
Left End—Claborn, Zaranka, Bradshaw.		Left Tackle—Gair, Pope.	
Left Guard—Holway, Wannamaker.		Hamilton.	
Center—Ford, Wodtke, Schafnit.		Right Guard—Porter, Dawson.	
Right Tackle—Ferrell, McDermott, Vance.		Right End—Jones, Bentley, Frampton.	
Woddel.		Quarterback—Blanda, Genito, Fucci.
